

Assistant Professor of Audiology – Non-Tenure Track Faculty Position

JOB DESCRIPTION

The faculty member in this position provides clinical supervision and instruction to graduate students of all levels in the Au.D. program; provides direct, billable client services to adult and pediatric populations in all areas of audiology; evaluates students according to ASHA guidelines and competencies; engages in scholarship; and provides service to the Department, College, and University.

PREFERRED SKILLS

These skills are not required, but preferred:

- Pediatric evaluation and treatment
- Pediatric and adult cochlear implant evaluation and mapping
- Pediatric and adult amplification
- Auditory processing disorder evaluation and intervention

EXAMPLES OF WORK PERFORMED

- Supervise and instruct Au.D. graduate students during clinical experiences to ensure quality training
- Determine clinical direction and provide feedback of students' clinical performance
- Provide direct, billable client services in the USA Speech and Hearing Center, and complete required medical documentation/reports
- Meet with students and be available during scheduled student appointments
- Maintain compliance with ASHA certification requirements
- Give scholarly presentations at regional or state conferences

MINIMUM EDUCATION/EXPERIENCE/CERTIFICATION

Master's degree in Audiology, Au.D., and/or Ph.D. in Communication Sciences from an accredited university; preferred three or more years of experience related to the above described duties AND eligibility for Alabama state licensure and Certificate of Clinical Competence (CCC) from ASHA. An Au.D. or Ph.D. are preferred; however, candidates with a Master's degree will be considered for this position if the Master's degree was the terminal degree at the date conferred.

As part of the University of South Alabama, we are an education and training facility for students preparing for careers in speech-language pathology and audiology. Through the USA Speech and Hearing Center and USA Health, we provide comprehensive evaluations and therapeutic services for adults and children within the greater Mobile area and surrounding communities. The Department of Speech Pathology and Audiology boasts 17 diverse, internationally recognized academic and clinical faculty members serving students through didactic teaching, clinical practicum, and ongoing research. We offer a competitive salary and a multidisciplinary setting. Interprofessional education opportunities for students and opportunities for collaboration in research are provided with other programs within the Pat Capps Covey College of Allied Health Professions as well as other departments across the University.

Application review will begin October 15, 2024 and will continue until the position is filled. The desired start date is January 6, 2025. To apply, please send a letter of interest, a current curriculum vitae, and three letters of reference to Amy Nichols, Au.D., Ph.D., CCC-A, Department of Speech Pathology and Audiology, University of South Alabama, 5721 USA Drive N., Mobile, AL 36688. Ph: 251-445-9372; Fax: 251-445-9377; Email: acnichols@southalabama.edu
