# UNIVERSITY OF SOUTH ALABAMA

## A BRIEF HISTORY

**T**he University of South Alabama was founded in 1963 without a single building to call its own. More than 55 years and quite a few buildings later, USA is a vibrant university that continues to serve as a catalyst for transformational change in the city, the state and the Gulf Coast region.

USA's story began in the early 1960s, when Mobile's civic leaders saw the need to improve access to higher education in southwest Alabama. Realizing the region had outgrown the small extension program that operated

out of a building downtown, they formulated plans for a four-year, degree-granting institution. On May 3, 1963, a bill creating a new, independent university successfully passed the Alabama Legislature, and USA was born.

Classes began in June 1964 at a new, \$1 million building in west Mobile. Initial enrollment totaled 276. The extent of the pent-up demand for education became obvious when the first fall semester began. Enrollment leaped to 928 — and it continues to grow. Today, USA enrolls approximately 15,000 students annually and has awarded more than 90,000 degrees.

The first campus building is now named the Frederick Palmer Whiddon Administration Building, after USA's first president. Whiddon helped establish the University and remained at its helm until retiring in 1998. His successor, longtime faculty member and administrator V. Gordon Moulton, oversaw a new era of growth into the 21st century. Dr. Tony G. Waldrop, selected in 2014 as USA's third president, continues the USA tradition of visionary leadership focused on discovery, health and learning.

As new programs attracted more students, the University's footprint and facilities expanded. Almost from the moment USA accepted its first students, its leaders began ambitiously working toward establishing a medical school. The College of Medicine charter class began in 1973, and USA's focus on health education was later complemented by the College of Nursing and the Pat Capps Covey College of Allied Health Professions.

Today, USA provides high-quality education in business, the liberal arts, education, engineering, computing, the sciences and health care. It offers more than 100 undergraduate, graduate and doctoral degrees through its colleges and schools. The University campus includes USA Technology & Research Park, an incubator of economic development and technological innovation. On the east side of Mobile Bay, USA's Baldwin County Campus provides Eastern Shore residents convenient access to educational programs.

The University of South Alabama includes USA Health, composed of two hospitals — USA Health University Hospital and USA Health Children's & Women's Hospital — along with the USA Health Mitchell Cancer Institute and the USA Health Strada and Mastin patient care centers. This network of advanced health care services has improved the lives of countless residents throughout the region.

A charter member of the Sun Belt Conference, USA fields 17 Division I sports teams, including baseball, softball, basketball, soccer, volleyball, tennis, golf, cross country and track and field. In 2020, the football team played its first game in the new Hancock Whitney Stadium.

## ACADEMIC REGALIA

Academic regalia can be traced back to European universities and ecclesiastical practices of the Middle Ages. As early as 1321, costumes identified the status of the wearer. In addition to signaling differences of degree, the garments had functional purposes, providing necessary warmth in sparsely heated buildings.

Regalia differentiate among the three degree levels used by our University; bachelor's, master's, and doctoral degrees. Common to all three levels is the headwear; the familiar square black mortarboard, although soft velvet tams may be worn by those holding doctorates. The gowns appropriate to the three ranks differ in the shape of the sleeves and in the special trim found on the doctoral gown. The bachelor's gown, which is unadorned, has wide sleeves that are pointed at the bottom. The master's gown has curiously designed sleeves, which are elongated at the rear and reach downward to the gown's bottom hem. The doctoral gown has bell-shaped sleeves and is distinctively trimmed with velvet facings down the front and three velvet bars on each sleeve. These trimmings may be black or the color appropriate to the discipline in which the degree was awarded.

The hoods worn by those holding the master's and doctoral degrees provide the color of the academic procession. These garments are draped over the shoulders and back of the wearer to display the linings, which present the colors of the university awarding the degree. Those holding degrees from the University of South Alabama wear hoods lined with chevrons of red, white, and blue. The hoods also have velvet binding, three inches wide for the master's degree and five inches for the doctorate, in a color designating the discipline.

### Academic Honors

Undergraduate students graduating with distinction receive academic honors based on grade-point average: 3.90 – 4.00 summa cum laude; 3.70 – 3.89 magna cum laude; 3.50 – 3.69 cum laude. Gold honor cords will be worn to designate academic honors. A distinction will be noted in the commencement program, on the academic transcript and on the diploma. Students who have completed an Honors Senior Project and Thesis and have earned a minimum grade-point average of 3.5, graduate with “Departmental Honors” and it is so noted in the commencement program, on the academic transcript and on the diploma.

### Honors College

Students who complete all Honors College requirements including Honors course work, community service, Honors Senior Project and Thesis, and who maintain a minimum grade-point average of 3.5, graduate with “University Honors.” A distinction will be noted in the commencement program, on the academic transcript and on the diploma. In the commencement ceremony, University Honors students wear a distinctive undergraduate hood.
