Mayor Sandy Stimpson

SPEAKER

As the City of Mobile's 108th mayor, Sandy Stimpson cast a bold vision to become One Mobile – a safer, more business- and family-friendly city.

Driven by a desire to affect positive change in each citizen's life, Mayor Stimpson has proven that success is achieved when everyone has a seat at the table. Stimpson's decades of experience in the private sector and extensive community service provided a solid foundation for the practical change he has generated during his 11 years in office. Since 2013, Mayor Stimpson has ushered in a new culture at City Hall, emphasizing transparency, effectiveness, and efficiency. His tenure has been marked by major achievements that will have a lasting impact on Mobilians.

The accomplishments of Stimpson and his team include drastically improving the city's financial position, resulting in credit rating increases and major reductions in city debt. He also spearheaded a successful annexation effort that brought in thousands of new residents and made Mobile the second-largest city in Alabama. Mayor Stimpson has also significantly increased pay for first responders and all city employees while overseeing unprecedented improvements to city infrastructure and parks.

Under Mayor Stimpson's leadership, transformative projects that have been discussed for decades are coming to fruition. Commercial air service is moving to a new airport terminal downtown to create more direct flight options, lower fares, and attract more carriers. The synergy between the Mobile International Airport and the growing Port of Mobile will generate unimaginable economic opportunities for citizens.

Thanks to sound fiscal stewardship, the outdated Mobile Civic Center is being demolished and replaced with a new, state-of-the-art arena that will bring modern concerts, sporting events, and entertainment to the heart of downtown Mobile. To further enhance our downtown, Mayor Stimpson recently announced a public-private partnership that will help activate the riverfront through a mixed-use waterfront entertainment and hospitality development called River Walk Plaza.

Mayor Stimpson's civic and business endeavors, both locally and statewide, have been numerous. He has served on the boards of the Boys & Girls Club of Southwest Alabama, the Mobile Area Chamber of Commerce, the Alabama Policy Institute and the Business Council of Alabama, and is a member of the President's Cabinets at the University of South Alabama and The University of Alabama. He graduated from The University of Alabama in 1975 with a degree in civil engineering before beginning a nearly 40-year career in his family's lumber business. Mayor Stimpson married his wife, Jean, in 1975, and together they have four children and 14 grandchildren.

University of South Alabama
A Brief History

After starting without a single building in 1963, the University of South Alabama continues to grow as an academic, research and healthcare Flagship of the Gulf Coast.

USA's story began in the early 1960s. Mobile's civic leaders realized that the region had outgrown its small university extension program downtown. They formulated plans for a four-year, degree-granting institution. On May 3, 1963, a bill creating a new, independent university passed the Alabama Legislature. USA was born.

Classes began in June 1964 at a new, $1 million building in west Mobile. Initial enrollment totaled 276. The pent-up demand for education became obvious when the first fall semester began. Enrollment leaped to 928. Today, USA enrolls more than 14,000 students and has awarded more than 109,000 degrees.

That first building is now the Frederick Palmer Whiddon Administration Building, named after USA's first president. Whiddon retired in 1998. His successor, longtime faculty member and administrator V. Gordon Moulton, oversaw a new era of growth into the 21st century. Dr. Tony G. Waldrop, president from 2014 to 2021, continued the USA tradition of visionary leadership focused on discovery, health and learning.

Waldrop's successor, President Jo Bonner, enthusiastically promotes a South education as a "firstclass ticket to a brighter future." Fall 2024 boasted consecutive years of enrollment growth and a continued expansion of USA Health.

Almost from the moment USA accepted its first students, its leaders ambitiously worked toward establishing a medical school. The College of Medicine charter class began in 1973. The College of Nursing and the Pat Capps Covey College of Allied Health Professions later complemented USA's focus on health education.

Today, USA provides high-quality education in business, the liberal arts, education, engineering, computing, the sciences and healthcare. It offers more than 115 undergraduate, graduate and doctoral degrees through its 10 colleges and schools.

A charter member of the Sun Belt Conference, USA fields teams in 17 Division I sports, including baseball, softball, basketball, soccer, volleyball, tennis, golf, cross country and track and field. In 2020, the football team played its first game in the new Hancock Whitney Stadium.

USA Health is the University of South Alabama's academic health system. With its hospitals and physician practice sites throughout the region, the health system integrates clinical care, research and healthcare education to deliver the most advanced medical care in the region. The recently acquired Providence Hospital joins University Hospital, Children's & Women's Hospital and the Mitchell Cancer Institute as major healthcare centers. USA Health also includes the region's largest multispecialty practice and the only academic physicians group on the upper Gulf Coast.

Work is underway on a new Frederick P. Whiddon College of Medicine building that will allow South to increase its physician class size. After 60 years, the University continues to grow to serve the needs of the Gulf Coast.

Academic Regalia

Academic regalia can be traced back to European universities and ecclesiastical practices of the Middle Ages. As early as 1321, costumes identified the status of the wearer. In addition to signaling differences of degree, the garments had functional purposes, providing necessary warmth in sparsely heated buildings.

Regalia differentiate among the three degree levels used by our University; bachelor's, master's, and doctoral degrees. Common to all three levels is the headwear; the familiar square black mortarboard, although soft velvet tams may be worn by those holding doctorates. The gowns appropriate to the three ranks differ in the shape of the sleeves and in the special trim found on the doctoral gown. The bachelor's gown, which is unadorned, has wide sleeves that are pointed at the bottom. The master's gown has curiously designed sleeves, which are elongated at the back and reach downward to the gown's bottom hem. The doctoral gown has bell-shaped sleeves and is distinctively trimmed with velvet facings down the front and three velvet bars on each sleeve. These trimmings may be black or the color appropriate to the discipline in which the degree was awarded.

The hoods worn by those holding the master's and doctoral degrees provide the color of the academic procession. These garments are draped over the shoulders and back to display the linings, which present the colors of the university awarding the degree. Those holding degrees from the University of South Alabama wear hoods lined with chevrons of red, white, and blue. The hoods also have velvet binding, three inches wide for the master's degree and five inches for the doctorate, in a color designating the discipline.

Academic Honors

Undergraduate students graduating with distinction receive academic honors based on grade-point average: 3.90 – 4.00 Summa Cum Laude; 3.70 – 3.89 Magna Cum Laude; 3.50 – 3.69 Cum Laude. Gold honor cords will be worn to designate academic honors. A distinction will be noted in the commencement program, on the academic transcript and on the diploma. Students who have completed an Honors Senior Project and Thesis and have earned a minimum grade-point average of 3.5, graduate with "Departmental Honors" and it is so noted in the commencement program, on the academic transcript and on the diploma.

Honors College

Students who complete all Honors College requirements including Honors course work, community service, Honors Senior Project and Thesis, and who maintain a minimum grade-point average of 3.5, graduate with "University Honors." A distinction will be noted in the commencement program, on the academic transcript and on the diploma. In the commencement ceremony, University Honors students wear a distinctive undergraduate hood.
