

## Licensing Fees

Payment of fees applies to one-time use and may be subject to change without notice. All orders must be pre-paid. Fees are assessed to for-profit corporations, partnerships, private businesses, and individuals depending upon the use to which the image(s) will be put. All parties subject to use fees must complete a **Use Request Form**.

Licensing fees are **not** charged to local news media, University of South Alabama departments, government agencies, academic presses, or to non-profit entities (proof of non-profit status, certified by the IRS, is required). We reserve the right, however, to charge such fees if the specific purpose for which an image is used is deemed by us to be commercial in nature.

Licensing Fees per image:

Publication, exhibition, public display	\$75.00/per image
Book cover or dust jacket	\$250.00/per image
Web use (patron must provide URL where image is displayed)	\$25.00/per image

The original image remains the property of The McCall Library. Any subsequent reproduction of the image is subject to additional use fees. **Any** use of our images **must** include a credit line prominently displayed with the image. The McCall Library will supply the credit line.

The McCall Library reserves the right to decline to provide copies of photographs if, in the judgment of The McCall Library, the proposed copies would be a violation of copyright law, or would offend, invade the privacy of, or raise objections of persons pictured in the photographs, their relatives, the community, the photographer, or the donor of the photographs.
